#FANTASY: Coming into week 6, most teams in our league are 2-3 with the exception of the top 2 teams (5-0, 4-1).

As Commissioner, I decided it's time to make sure those top two teams pay their fair share.

Their future wins will be deducted and transferred to losing teams.

"MSNBC did a segment on journalistic integrity, going after Katie Couric for leaving RBG comments out of her book, but the actual story did come out in 2016 and Bader-Ginsburg publicly apologized for it." cnn.com/2016/10/14/po...

I'm sure myself, the doctors I know, and my followers would LOVE for you to tell us how Self Inoculation in George Washington Implemented in 1777 is the same as taking a vaccine today..

Another slanderous and libelous LIE by your outlet!

"Get the vaccine so the pandemic and mask mandates will end"

Refusing to wear a mask even if you are vaccinated is a violation of federal law

Then what's the point of the vaccine if masks are still required? And when were masks signed into federal law?

I'm sure my followers, the doctors I know, they'd love to hear how self inoculation in 1777 done by George Washington to help win the war is the same as vaccinations today...

Yet another slanderous and libelous piece from your outlet.

Right Wing Watch @RightWingWatch
Right wing conspiracy theorist Matt Couch says that instead of getting vaccinated, people should practice "self-inoculation" like they did during the Revolutionary War, apparently unaware that the inoculation process was an early form of vaccination

Yep my grandma, my grandpa & my nana all died last year. Only 1 was from covid. All close in age- in their late 80s.

For those who don't know Dr. Robert Levin he is a Public Health Officer in California. In December he received a raise of $300,000 while many businesses closed.

Now he wants 5-11 year old kids vaccinated and is pushing a mask mandate until it happens.

I drove by at least 20 places today that said Now Hiring. And Pretty good starting pay at that.
But I heard at least 3 people today say I can't find a job.
It's not that you can't find one, it's that you are too lazy to do the work they want you to do.

The politicians meant the People of the United States no harm, they had to create a supply and demand problem to put us in our place, we have been spoiled. It is all our fault, we have been band citizens of this land. Forgive them for they know not what they do.

Someone (I guess that was Ben Shapiro speaking on Russel Brand's podcast)said that the US constitution was created on the basis of a nation rooted on christian values, so once the US are leaving such values, so whatever is in there tends to become less important.

It seems an interesting point to me as the same effect is happening here in Brazil: as the institutions become more secular and rooted in human driven values all sorts of outcomes can be expected. Under the guise of this pursuit of a heavenly society equal and good for everyone

There is a saying in Russian that a holy place cannot be empty. So people's minds and bodies as well which are meant to be holy, have turned into a dwelling for demons. That's really predictable

Unrealized capital gains tax means if you buy a stock for $100 and it goes up to $500 then back down to $50 you owe taxes on the $400 profit you never made.

Even if unrealized taxes only apply annually to billionaires it will force massive sell offs of their stock each year which will plummet the value of their stocks, eliminating the returns for every American who owns those stocks

I saw someone saying that the cases are going up but they are surely more mild because of how great the vaccine is at making the illness milder.
